Why are you interested in serving on a City board, commission or committee?

I come from a family of educators and two of my sisters were Librarians. I was an English and Special education Teacher in Texas, prior to attending law school. I believe in the importance of a free library as one of the most important elements of a community, both as a service to the citizens and children, but also to help them become better informed members. My background in education, special needs children, and the practice of Family Law in Corpus Christi for 49 years has instilled in me a high interest in access to books, both for entertainment and education. I would like to contribute to the ongoing discussion of content of library books and services to all. I believe not only my background with education and children (I am one of ten, and taught children) but also my experience in collaborative resolutions to problems as a mediator, would be helpful as a board member.

Retired Army Colonel; Master of Divinity Degree; Bachelor of Science Degree in Computer Science; 7 years as faith-based home congregation leadership; over 3 years preaching with over 20 years teaching biblical topics and Scripture; 1 year preaching an teaching at Summit Church Texas; 1 year serving as an Executive Member of the Nueces County Republican Party, currently Precinct 129 Chair and By-Laws and Resolution Committee Chair; over 7 years Leadership Corpus Christi Association member, class XLV; served 3 years as Leadership Corpus Christi Steering Committee (classes XLVII, XLVIII, & XLIX); 5 years on the Terra Mar Property Owners Association Board as Vice-President; 7 years on the Corpus Christi Metro Ministries Board of Directors, including Treasurer (2020) and Secretary (2021); 4 years on the Nueces County Sheriff's Training Advisory Board; County Citizens Defending Freedom Ambassador and Election Integrity Project member.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

Library Board, Citizens Advisory Health Board, Crime Control & Prevention District, and Parks and Recreation Advisory Board

Why are you interested in serving on a City board, commission or committee?

To continue community service with the goal of helping Corpus Christi fulfill the purpose of its name and ensure that it remains a wonderful place to live and raise families. As a retired U.S. Army Colonel, who has served our nation abroad and in Texas for 30 years, I will continue to support and defend the Constitution of the United States, based on the premise that it was drafted to secure the unalienable rights of the American citizenry-- "deriving their [governmental] just powers from the consent of the governed." I believe that "we the people" are the government and it is our civil duty to not only elected officials, but to undergird them with our individual and collective action. I have always been actively involved in the various military communities in which I was stationed, both aboard in Germany and in Texas. I have been blessed with the opportunity to serve the Corpus Christi community in several ways as mentioned in the previous Education, Professional and/or Community Activity section, and plan to leverage the relationships and experiences forged to provide the best service and insight as either a member of either the Library Board, Citizens Advisory Health Board, Crime Control & Prevention District, or Parks and Recreation Advisory Board.

Why are you interested in serving on a City board, commission or committee?

I believe that information and access to information is extremely important, especially free access. In addition, I think that libraries serve a vital community function of being a place people can gather without having to pay for something. I want to see all our libraries flourish and be places that everyone is excited to visit and happy to use the provided resources.

Bachelor of Journalism from University of Texas-Austin Currently on Executive Committee of Corpus Christi Symphony Orchestra Current serving on the Corpus Christi Library Advisory Board

Why are you interested in serving on a City board, commission or committee?

I served on the Library Advisory Board in the early 2000s. I was appointed again 2 years ago as the representative of the La Retama Club which traditionally has a member represented on the Library Board. La Retama is the organization that founded our library system in 1909 and continues to support our libraries today. Currently, a priority should be to keep the Garcia Library open and secure funding for a replacement building and I would like to be involved with that very important project.

Why are you interested in serving on a City board, commission or committee?

As a lifelong resident of Corpus Christi, I'm deeply invested in the city's success. My extensive experience in the engineering and construction industry, particularly with leading national firms, has provided me with a strong understanding of project management, cost control, and efficient execution across a wide range of project sizes (from \$50 million to \$5 billion). This experience has also given me valuable insights into the best practices employed by world-class organizations. I'm passionate about leveraging this expertise to contribute to our city's growth and development. Serving on a board, commission, or committee would allow me to directly participate in shaping a thriving future for Corpus Christi and its citizens.

Why are you interested in serving on a City board, commission or committee?

As the father of a five-year-old boy who loves reading, I plan to make frequent use of library resources and events. This summer, we just moved down from Fargo, ND (partially to be closer to my wife's family in Rockport), and it would be nice to see the libraries in Corpus Christi thrive with more positive engagement from the surrounding community. I believe in the importance of libraries as community hubs and accessible third spaces. I served as a Peace Corps Volunteer in Cameroon, and after living abroad, it's easier to see how too many Americans take resources like public libraries for granted. As an independent researcher, I used Interlibrary Loans to access hard-to-find texts without relying on a university. As a remote worker, I've also relied on libraries as a workspace to bring my laptop instead of spending money at coffee shops. I don't have experience with local politics or committee procedures, but if selected, I would like to do my part to help the library system continue to grow.
